Free Cancer Screenings

The New York State Department of Health has a Cancer Services Program (CSP) in each county.

Program website: <https://www.health.ny.gov/diseases/cancer/services/>

Their mission is to provide NY residents who meet age and income requirements with free breast, cervical, and colorectal cancer screenings and diagnostic services. The age-appropriate, risk-based screenings offered by local clinicians in each county include:

- Mammograms and clinical breast exams for breast cancer.
- Pap tests and pelvic exams for cervical cancer.
- Take home fecal tests (FIT or FOBT) for colorectal cancer.
- Screening colonoscopy for men and women at increased risk for colorectal cancer.

For more information about screenings and eligibility, contact the Cancer Services Program of Cayuga, Cortland, and Tompkins County at 1-833-837-4931.

Pain Control

Cancer pain should be addressed quickly and aggressively. The treating physician is the first contact, but other resources are available:

Palliative Care is a program of **Hospicare and Palliative Care Services**, located in Tompkins and Cortland Counties. Palliative care specializes in relieving the symptoms and stress of serious illness. Symptoms may be physical, emotional, or spiritual. The goal is to improve quality of life for you and your family. Palliative care may be appropriate at any point in an illness, from diagnosis on, and it can be provided at the same time as treatment that is meant to cure you.

Working in partnership with your primary doctor, the palliative care team can provide:

- recommendations for treatment of pain and other symptoms
- clear communication between you and your family
- help in navigating the healthcare system
- opportunities for extended discussions about goals and options
- practical information about community resources
- emotional and spiritual support for you and your family

Palliative care consultations can be done in your own home, in an assisted living facility, nursing home, or hospital. Contact them for more information at 607-272-0212 or at www.hospicare.org.

End of Life Care

Hospice is a philosophy of care for the dying and their families that affirms life, but does not deny death. Support and care are provided in the last phase of a person’s illness so that they may live as comfortably and autonomously as possible.

Hospicare and Palliative Care Services provides hospice care wherever the patient lives: at home, in skilled nursing facilities, adult homes, or at Cayuga Medical Center. Hospicare also has

a residence in Ithaca for people whose caregiver is no longer able to care for them or for people living alone without adequate care and support.

Hospice is covered by Medicare, Medicaid, and most private insurance plans. In addition, Hospicare and Palliative Care Services offers another program, Personal Attention to Health (PATH) that assists individuals in navigating the medical, emotional, spiritual and logistical challenges associated with *any* serious illness, including cancer.

Anyone can contact Hospicare for more information or to request an assessment. A doctor's referral or authorization may be required for some services. Contact them for more information at 607-272-0212 or at www.hospicare.org.

Mental Health Services

Depression, anxiety, and other mental health concerns are common during cancer treatment and recovery.

An **Employee Assistance Program** (EAP) is typically offered through your employer, and can provide resources available to you in your area. Contact your human resource department to see what benefits are provided.

Family Counseling Services of Cortland is a private, non-profit organization offering professional counseling and prevention services. Mental health and chemical dependency counseling programs are available for youth, adults, and families who are experiencing emotional, personal, and alcohol or drug-related problems. For more information, call (607)753-0234. <http://fcscortland.org/>

The Mental Health Association in Cortland County is a good resource for information on mental health resources in our area, including a comprehensive list of private practitioners. Visit their website for information on their programs and services at <https://www.mhacortland.com/>

Genetic Counseling

Genetic counseling for cancer involves having a trained genetic counselor help you and your family understand your inherited cancer risk. Inherited cancer risk may be passed from parent to child. The genetic counselor explains available genetic tests and can offer information about cancer screening, prevention, and treatment options and provide support.

Additional Support for Older Adults

Older Adults:

Cancer becomes more common as people get older. When an older person undergoes cancer treatment, the support s/he needs may relate as much to aging as to the cancer itself. There are local agencies that can provide support to older adults.

Cortland County Office for the Aging (607-753-5060) is an excellent resource for assistance with aging-related issues such as housing, home care, health insurance, caregiver services, and more. <https://www.cortland-co.org/434/Area-Agency-on-Aging>

Meals on Wheels <https://www.cortland-co.org/607/Homebound-Services-Supports> is available to homebound individuals ages 60 and over through Cortland’s Area Agency on Aging. For more information, call 607-753-5084.

The Health Insurance Information, Counseling, and Assistance Program (HIICAP) <https://www.cortland-co.org/939/HiICAP> 607-753-5060 provides help with Medicare, Medigap, long-term care insurance, and other programs serving seniors.

Transportation

Parking Permits: Parking Permits for individuals with temporary or permanent disabilities are issued through your local city, town, or village clerk’s office. The Department of Motor Vehicles (DMV) does NOT issue these permits.

Local and Out of Town Transportation:

<p>A&D Transportation Services 607-386-4773 http://www.adtransportservices.com/</p>	<ul style="list-style-type: none">• Serves 16 Central NY and Southern Tier Counties with transportation to and from medical/surgical appointments and is wheelchair accessible.
